

Job Posting 26-021 Backflow Prevention Testing & Repair Technician – York, PA

BFPE International is seeking a full time experienced Backflow Prevention Testing & Repair Technician to join our BFPE Family at our York, PA Branch Office.

We are looking for a self-motivated technician with 3+ years of hands-on backflow testing and repair experience and a current ASSE backflow tester certification. Additional certifications are a plus. BFPE International will pay for certification upgrades and continuing education, as needed.

Strong troubleshooting skills are important. We are looking for someone who can confidently diagnose a problem and complete the needed steps to repair.

Responsibilities:

- Test commercial and fire-service backflow assemblies of all sizes.
- Troubleshoot failed assemblies and identify the cause of failure.
- Repair, rebuild, retest, and return assemblies to service.
- Work with RP/RPZ, DCVA, PVB, SVB, detector assemblies, and large commercial/fire-service backflows.
- Complete accurate electronic test reports and service documentation.
- Communicate deficiencies, repair needs, and recommendations clearly with customers and the office.
- Manage scheduled daily work efficiently and independently.

Preferred Qualifications:

- 3+ years of backflow testing and repair experience.
- Current ASSE tester certification.
- Valid driver's license and acceptable driving record.
- Fire sprinkler service experience is a plus but not required.
- Commercial piping and backflow replacement experience is also a plus.

BFPE International Benefits:

- Employment with a successful, fast-paced, industry leader in fire protection.
- BFPE International provides our technicians with a company vehicle, tools, calibrated test equipment, materials, uniforms, and the training needed to be successful.
- Benefits include health, dental and vision insurance, 401(k) with company match, paid time off, paid holidays, certification and training opportunities, and a strong team environment.
- Compensation is based on experience and qualifications.

BFPE International Benefits (continued):

- This is a full-time Monday–Friday position primarily serving south-central Pennsylvania. Overtime and additional service-call opportunities may be available, especially for technicians with fire sprinkler experience.
- BFPE International staff provides technical support and guidance, while also giving experienced technicians the independence to manage their work and complete scheduled tasks with confidence.

BFPE International is an Equal Opportunity Employer. It is the policy of BFPE International to recruit, hire, train, and promote persons in all job titles without regard to race, color, religion, sex, national origin, age, veteran status, or disability and to base decisions on employment so far as to further the principle of equal employment opportunity.
